The Manitoba Environmental Youth Network is seeking Steering Committee Members!

The Manitoba Environmental Youth Network is a unique project that is helping build a capable, knowledgeable and connected youth community who together create positive environmental action. Our project is guided by a youth steering committee which empowers and supports youth led projects and education in order to unite our community and their efforts.

The steering committee is the guiding body, and also the creative mind of the Youth Network. We strive to have a diverse representation of Manitoba Youth that can help offer resources, support, inspiration, and collaboration opportunities in order to foster a sense of community and belonging for environmentally- minded youth in Manitoba.

The details:

Steering Committee will meet once per month in the EcoCentre Boardroom (3rd floor 303 Portage Ave, Winnipeg) starting in March 2018.

We will discuss activities of the Environmental Youth Network, identify and execute green projects, and plan a youth conference!

Free food and bus subsidies available!

Interested? Send us an email and let us know:

Are you youth ages 13-24?

If you go to a school, what is the name of your school?

Do you belong to an environmental club or group? (If not, no problem! Your enthusiasm and voice is all you need to start making a difference and help shape the future of MB!)

Do you do anything for environmental action already? If yes, what do you do?

What is your dream for the environment?

Why you are interested in joining our Steering Committee?

Please send your responses to our Coordinator Veronica Sharkey at info@mbeconetwork.org.
